

LaConner Regional Library
LaConner, Washington USA

Policy 402

BOARD POLICY

COOPERATIVE AGREEMENT WITH THE LA CONNER SCHOOL DISTRICT

The La Conner Regional Library and the La Conner School District support any library cooperative efforts seen to potentially increase the effectiveness to local patrons. Overwhelming quantities of information, the speed of change in society, and limited funding for libraries make networking on many levels an important approach to providing satisfactory service.

Cooperation may take such forms as interlibrary loans, exchange of information, cooperative buying plans for specialized materials, expanded continuing education opportunities, and coordination of hours. While their purposes are distinct, both libraries are closely related and complementary institutions and will see ways to strengthen ties of cooperation and support through staff contact, resource-sharing, and mutual promotion.

Effective: 6/13/03
